Queen's College,

KINGSTON, ONTARIO, CANADA, 29TH MAY, 1869.

DEAR SIR:

This Institution has been recently subjected to a financial embarrassment of the greatest severity. About eighteen months ago the failure of the Commercial Bank reduced its annual income by 1000 dollars, and in December last the Government of Ontario, having resolved to give no aid to educational Institutions connected with particular Churches, discontinued the annual grant of 1000 dollars allowed by the Government of Canada prior to the Confederation of the British American Provinces. Being thus deprived of more than half its revenue, the continuance of it on its present footing seemed to be almost impossible.

At a meeting of Synod held here in January last for the special consideration of this crisis, it was resolved to appeal to the friends of the College for an endowment of at least 100,000 dollars, which, bearing interest at six per cent, would fully make up for the reduction which has taken place. The support given to this scheme has been encouraging in the highest degree. We already estimate our subscriptions at 70,000 dollars and receipts over 25,000. So many localities have yet to be visited that no difficulty in obtaining the amount required is now apprehended. On the contrary it is proposed to extend the effort and endeavour to raise 50,000 dollars more, for the purpose of founding an additional professorship in each of the Faculties of Arts and Theology, and making other improvements which the Trustees have for some time been anxious to introduce.

To complete so great an enterprize, especially in a new country like this, is a work of time. Many of the subscriptions are payable by instalments, and for this reason it is not expected that the smaller endowment of 100,000 dollars will be completed before April, 1871. The sustentation of the College in the meantime, without using any part of the collections intended for the endowment, is a subject of pressing importance and great anxiety. In order to meet this difficulty the Colonial Committee of the Church of Scotland has been asked to authorize an appeal to the friends of the College in Scotland, and this the Committee has generously done in the pages of the *Home and Foreign Missionary Record*. About £1000 Sterling a-year for the next two years will be required.

Any assistance you can give or induce others to give will be most thankfully received. Simon S. Laurie, Esq., Secretary to the Colonial Committee, 22 Queen Street, Edinburgh, will forward any contributions which may be sent to him.

Queen's College was founded in 1841 by a Royal Charter conferring upon it the style and privileges of a University. In the departments of Arts and Theology it has at present six Professors. It has been attended by upwards of 700 students, most of whom have reflected credit upon their *Alma Mater*, some of whom have highly distinguished themselves in competition with students from Institutions in the Old World. It has educated for the Church in Canada more than one half of the Ministers on the Synod Roll. It is universally acknowledged to have exercised a most important influence on the progress of Superior Education in this new country.

I have the honour to be your obedient Servant,

W. SNODGRASS,

Convener of the Synod's General Committee.

REPORT OF THE GENERAL COMMITTEE ON THE
ENDOWMENT OF QUEEN'S COLLEGE.

*To the Reverend the Synod of the Presbyterian Church of Canada in
connection with the Church of Scotland.*

Owing to sundry interruptions the new work of the past year was less than that of any year since the commencement of the Scheme. The following charges were visited in the course of the summer:—King, East Nottawasaga and Purple Hill, North Easthope, Kippen, Paisley, Williams, Caledon and Mono, Orangeville, North Dorchester, Woolwich, Balsover and Eldon. In all of these the reception accorded to the deputation was most cordial and an active interest in the furtherance of the enterprise was manifested. The Ministers cheerfully rendered most valuable assistance. Subscriptions were obtained to the amount of \$2755 77.

So advanced a stage in the prosecution of the Scheme has now been reached that your Committee in reviewing, on this occasion, the whole of the work done, feel themselves called upon to enter into particulars more fully than seemed to be proper in any previous report.

The Special meeting of Synod at which the Scheme was devised, was held in the Church in which the Synod is now met, on the 6th and 7th days of January, 1869, having been convened to consider the position of the College, especially as affected by the action of the Legislature of Ontario in discontinuing the annual grant of \$5000 which the College had been receiving in aid of its Arts Department. It having been resolved that "it is of the greatest importance to the interests of the Church and higher education generally that this institution be efficiently maintained," it was proposed "to accomplish the endowment of it to the extent of *at least* \$100,000," and it was understood that three years from the first of April following should suffice to determine the success of this proposal, in the event of its not being soon proved to be a failure. Some members of Synod were desirous that a larger amount should be named. All were anxious that more should be got if possible. There were few so sanguine as to expect that the minimum specified would be obtained. Some statements respecting subscriptions and payments will set forth the results of efforts to give effect to the Synod's views.

An appendix to this report gives alphabetical lists of charges visited and other places from which subscriptions have been received, the number of subscriptions in each, the sums subscribed, and the amounts paid (inclusive of interest when allowed by subscribers). In the follow-

ing charges and sections of charges, all subscriptions have been paid—Grenville, Hawkesbury, Laprairie, Nelson, Niagara, North Dorchester, Waterdown and Woolwich.

Although the minimum endowment aimed at has not yet been obtained, the amount of the legislative grant discontinued in December, 1868, has been more than provided for by new revenue to the amount of \$5,776, derived from funds collected. This has been accomplished without disarranging or obstructing any of the business in which the Synod is interested. On the contrary, it is believed that the accomplishment of it has had some effect in stimulating the ordinary and general work of the Church.

It must not be imagined, however, that the time has come when the friends of the College can afford to be inactive or unconcerned. The finances cannot be considered as being in a secure and healthy state until the endowment is so augmented as that the revenue from it will meet the whole decrease of income reported last year, namely:—\$5,000 from the stoppage of the Government grant; \$1,280 from the suspension of the Commercial Bank; \$250 from the discontinuance of rent for buildings formerly used by the Royal College of Physicians and Surgeons, and \$500 on account of the exemption of students from class fees under the system of endowment nominations—in all \$7,030. And then the amount reported last year as having been advanced to meet deficiencies in revenue from April, 1869, to April, 1871, namely, \$7,807 90, has to be made up.

Estimating the unpaid subscriptions at \$12,000, this will give an additional annual return of \$720. It is earnestly hoped that the local Treasurers, who have been rendering excellent service to the scheme, will succeed before long in completing the work in their hands, and it is expected that a few thousand dollars in subscriptions will be obtained in charges not yet visited.

Supposing by these means an adequate, but barely adequate, income to be secured there will still be open, to all who desire to see the Institution increasing in strength and efficiency of equipment, abundant opportunities for the exercise of a liberality similar to that which, in these days, is extended to so many Colleges both in the old world and the new.

Meanwhile, as regards this scheme, inaugurated with much anxiety and doubting a little more than three years ago, the first and principal object of it has, with the blessing of God upon hearty co-operation and zealous efforts, been satisfactorily attained. This is one of the best of reasons for continued energy, perseverance and hope.

All which is respectfully submitted.

W. SNODGRASS,

Convener.
