you can be a research4life ambassador!

Kaleidoscope October 13, 2017

Paola Durando, MLS, AHIP, certified HINARI trainer
Mulugeta Chala, Lecturer, Dept. of Physiotherapy, University of Gondar;
Queen’s Rehabilitation Science PhD candidate
Research4Life – 4 Programs

1. Health
2. Agriculture
3. Environment
4. Applied science & technology (Access to Research for Development & Innovation)

Access to Research in the Developing World
Knowledge Transfer

HINARI introduced in 2000 at the UN Millennium Summit, launched in 2002 “to contribute to the attainment of the UN’s Millennium Development Goals, reducing the knowledge gap between industrialized and developing countries by providing access to scientific research.”

HOW TO REGISTER

This document is a step-by-step guide to register online to the different Research4Life programs: Hinari, AGORA, OARE and ARDI.

Following this simple guideline will avoid problems in the registration process and ensure faster response to all registrations for Hinari, AGORA, OARE or ARDI. Please consider the following instructions to complete your registration:

Before registration:

- Before filling the online form, please make sure that you have all the needed information. The more information you provide on the form, the faster we can process your registration.
- Only ONE PROGRAMME can be selected for registration at a time. You can use this registration form to register for multiple programs that are appropriate for your institution but EACH IS A SEPARATE REGISTRATION.
- If your institution is a UNIVERSITY or PROFESSIONAL SCHOOL, before filling the form, check the list...
YOU can be a Research4Life Ambassador!

Access to research in the developing world

Ethiopian context
The partnership
University of Gondar (UoG)
Facts about UoG

• Established in 1954
• Four campuses, 1 college, 5 faculty, 3 schools
• Offers 56 undergraduate and 64 post-graduate programs
• >25,000 students
• > 5000 academic and supportive staff
The Main Library
Information Age
The old saying

knowledge is Power!
Scientists from developing countries lag behind their counterparts in richer nations in accessing research databases (Thambisetty, 2002)
Evidence based practice (Sackett D, 2002)
HINARI experience at University of Gondar
Changes in evidence based clinical practice

Therapeutic exercise program for people living with HIV and AIDS.

University of Gondar
College of Medicine and Health Sciences
Department of Physiotherapy
