**Conduct disorder**

CHLDSOF: 15.(6) Conduct disorder: has broken into someone else’s house/building/car
CHLDSOF: 15.(8) Conduct disorder: has been physically cruel to animals
CHLDSOF: 15.(13) Conduct disorder: has been physically cruel to people
CHLDSOF: 15.(7) Conduct disorder: has deliberately destroyed other’s property (not with fire)
CHLDSOF: 15.(11) Conduct disorder: often initiates physical fights
CHLDSOF: 15.(4) Conduct disorder: has deliberately engaged in firesetting
CHLDSOF: 15.(3) Conduct disorder: often lies (other than to avoid abuse)
CHLDSOF: 15.(2) Conduct disorder: has run away from home overnight at least twice
CHLDSOF: 15.(9) Conduct disorder: has forced someone into sexual activity with him/her
CHLDSOF: 15.(1) Conduct disorder: has stolen without confrontation of victim more than once
CHLDSOF: 15.(12) Conduct disorder: has stolen with confrontation of a victim (e.g. robbery)
CHLDSOF: 15. Conduct disorder (cd) total
CHLDSOF: 15.(5) Conduct disorder: was often truant from school
CHLDSOF: 15.(10) Conduct disorder: has used a weapon in more than one fight

Conduct disorder

Zscore: Conduct disorder: has broken into someone else’s house, building, or car
Zscore: Conduct disorder: has been physically cruel to animals
Zscore: Conduct disorder: has deliberately destroyed others’ property (other than by setting firesetting)
Zscore: Conduct disorder: often initiates physical fights
Zscore: Conduct disorder: has deliberately engaged in firesetting with the intention of causing serious damage)
Zscore: Conduct disorder: often lies (other than to avoid abuse)
Zscore: Conduct disorder: has run away from home overnight
Zscore: Conduct disorder: has forced someone into sexual activity
Zscore: Conduct disorder: has stolen without confrontation
Zscore: Conduct disorder total
Zscore: Conduct disorder: was often truant from school beginning before age 13
Zscore: Conduct disorder: has used a weapon in more than one fight
Zscore Conduct disorder: has been physically cruel to animals
Zscore: Conduct disorder: has stolen with confrontation
Criminal History

NGRI: 61. Criminal history all siblings

NGRI: 64. DSM-III APD Childhood behaviour problems before age 15 (total score, maximum 12)

DSM

Number of DSM3 or DSM4 Childhood behavior problems<15 (total score)

Hyperactivity

Hyperactivity: difficulty sustaining attention in tasks/play

Hyperactivity: difficulty following through on instructions

Hyperactivity: interrupts/intrudes on others

Hyperactivity: does not seem to listen to what is being said

Hyperactivity: other indications reported

Hyperactivity: difficulty playing quietly

Hyperactivity: difficulty remaining seated when required

Hyperactivity: talks excessively

Hyperactivity: difficulty awaiting turn in games or groups

Hyperactivity: shifts from one unfinished activity to another

sex offender in Grant's final edited, n=710-Use sexoff

not going to use this for 3rd edition because binning is uneven- must have been an error--use10yr

In construction sample for SORAG--but should be 57 more cases

In VRAG construction sample

Final prorated vrag score for those with <5 missing
