IMPORTANT INFORMATION REGARDING MISSED MID-TERM

As indicated in the Course Outline and announced in the Introductory lecture on January 10 05, the mid-term test will be held on Thursday February 17, in the lecture period, 4.30 – 5.20. The test is worth 25% of your final grade.

Details of rooms will be announced later, but everyone will write in the BioSciences building.

The format will include true/false, multiple choice and short answers.

All the lecture material, and where appropriate, required readings, may be covered in this test.

IF YOU CHOOSE TO MISS THIS TEST, there is no make up exam. You may however choose to have your final exam (which will include some of the material given in the first half of the course) count for 60% of the marks, rather than 35%, or you may decide to forfeit the entire 25% that was assigned to the mid term.

If you miss the mid-term, then nearer the end of term, you should let your Teaching Assistant know if which option you have selected.

Please address any questions to Dr. Welbourn during her office hours or by e-mail. (See course outline for the specifics of these)
