New Exhibit: Vero Wynne-Edwards and the 1937 MacMillan-Thebaud Expedition

Posted: January 14th, 2016

The Jeannie and Vero Wynne-Edwards Book Collection consists of over 1800 books, pamphlets, periodical and ephemeral pieces in the field of natural history. It was the working library of Vero C. Wynne-Edwards (1906-1997) C.B.E, F.R.S., Regis Professor of Natural History, University of Aberdeen, 1946-1974. This exhibit focuses on a selection of material from the Queens Archives and W.D. Jordan Special Collections Library.

Curated by Morag Coyne, Undergraduate Services Librarian, Engineering and Science Library
